COMPLETE ANATOMY

Explore human anatomy like never before with the world's most advanced 3D anatomy atlas on your preferred device wherever you are.

Find out more at 3bscientific.com/AnatomyApp and receive a 10% discount.

EXPLORE HUMAN ANATOMY LIKE NEVER BEFORE!

The multiple award-winning interactive Complete Anatomy app from 3D4Medical, the specialist in transforming medical content into virtual courses, contains a beautifully rendered 3D human anatomy model featuring over **13,000** selectable parts in high resolution.

Virtual anatomy is now available anywhere - anytime

Watch videos about cardiology, dentistry, fitness, ophthalmology or orthopedics. Have a closer look at the muscular system, the lymphatic system, the nervous system and many more. Discover them layer by layer, structure by structure and function by function.

Have a look at the table below to choose a license with tools to prepare entire anatomy courses (Educator), to use the app to study human anatomy as a student (Student Plus) or to use it to educate your patients (Professional). Available on iPad, Mac and Windows versions.

SAVE MONEY:

Order your license through the 3B Scientific website and get a **10% discount** on all Complete Anatomy license types!

Complete Anatomy is available in English and in three different licenses, each tailored to the specific needs of a student, an educator or a professional user.

Student Plus License

Choose the Student Plus License for advanced learning and content sharing with an annual subscription.

Educator License

Create and present entire courses and easily keep track of your students progress with the Complete Anatomy Educator License.

Professional License

Use the Professional License to educate your patients about their condition.
